Carla Novelli

1. Carla Novelli, *Special projective varieties of higher dimension*, UTM PhDTS 40, Università di Trento, Novembre 2004.
2. Andreas L. Knutsen, Carla Novelli, and Alessandra Sarti, *On varieties that are uniruled by lines*, Compos. Math. 142 (4) (2006), 889–906.
3. Marco Andreatta, Carla Novelli, and Gianluca Occhetta, *Connections between the geometry of a projective variety and of an ample section*, Math. Nachr. 279 (13–14) (2006), 1387–1395.
4. Carla Novelli, *Fano manifolds of coindex four as ample sections*, Adv. Geom. 6 (4) (2006), 601–611.
5. Carla Novelli and Gianluca Occhetta, *Ruled Fano fivefolds of index two*, Indiana Univ. Math. J. 56 (1) (2007), 207–241.
6. Marco Andreatta and Carla Novelli, *Manifolds polarized by vector bundles*, Ann. Mat. Pura Appl. 186 (2) (2007), 281–288.
7. Antonio Lanteri and Carla Novelli, *Ample vector bundles with zero loci of small Δ -genera*, Adv. Geom. 8 (2) (2008), 227–256.
8. Antonio Lanteri and Carla Novelli, *Varieties of small degree with respect to codimension and ample vector bundles*, J. Math. Soc. Japan 60 (2) (2008), 341–361.
9. Antonio Lanteri and Carla Novelli, *Ample vector bundles of small Δ -genera*, J. Algebra 323 (3) (2010), 671–697.
10. Carla Novelli and Gianluca Occhetta, *Rational curves and bounds on the Picard number of Fano manifolds*, to appear in Geom. Dedicata. arXiv:0905.4388.
11. Carla Novelli and Gianluca Occhetta, *Projective manifolds containing a large linear subspace with nef normal bundle*, to appear in Michigan Math. J.. arXiv:0712.3406.
12. Carla Novelli and Gianluca Occhetta, *Manifolds covered by lines and extremal rays*, submitted preprint. arXiv:0805.2069.
13. Enrique Arrondo, Antonio Lanteri, and Carla Novelli, *A notion of Δ -multigenus for certain rank two ample vector bundles*, submitted preprint (2010).
14. Carla Novelli, *Extremal rays of non-integral L -length*, submitted preprint (2010).
