PhD Program in
Economics, Analytics and Decision Sciences (EADS)

7 POSITIONS

EADS is an international PhD program that trains students to undertake cutting-edge research in a wide range of economic and social disciplines with a unique **multidisciplinary** approach that relies on the unifying language of **statistics** and **data science**, as well as on selected tools from **computer science** and **psychology**. Students actively participate in research seminars, workshops, and conferences. EADS offers **exchange programs** and double degrees with collaborating institutions around the world, thanks to an established international network.
