

QUANTITATIVE FINANCE WORKSHOP **2022**

XXIII Workshop on Quantitative Finance

Rome, Italy

January 27-28, 2022

The XXIII Workshop on Quantitative Finance (**QFW2022**) will be “in presence” on January 27-28, 2022 at the University of Rome Tor Vergata, School of Economics, Via Columbia 2, Rome.

[Click here](#) to reach the webpage of the workshop.

Call for papers

The **workshop** aims to bring together academia and industry and stimulate fruitful discussions and interactions among researchers and professionals on theoretical and practical aspects of Quantitative Finance. Contributions, both theoretical and applied, from Mathematical Finance, Quantitative Risk Management, Portfolio Optimization, Financial Economics, Corporate Finance, Insurance, Computational Finance, Econophysics, Financial Econometrics, Financial Applications of machine learning and neural networks, Game-theoretical models for finance, and related fields are welcome.

Participation of PhD students, young researchers and practitioners are particularly welcome.

Abstracts can be submitted through the following webpage: [Link](#)

Format of the workshop

There will be two kinds of presentations, the “long talk” (about 30 minutes) and the “short talk” (about 15 minutes), and one poster session.

The contributions accepted as long talks will be assigned to a discussant, and the latest version of the paper must be received by the organizers not later than January 9th, 2022.

Registration

Participation to the conference is free but registration (by January 9th, 2022) is compulsory. Coffee-breaks and light lunches will be offered by the organizers, but no scholarships are available for travel and accommodation expenses.

Please [click here](#) for the Registration.

Deadlines

Extended Abstract Submission: October 27th -- November 30th, 2021
