

# Call for extended abstracts

Special session: *Networks and Big Data in Economics, Finance, and Social Systems*

41st Annual Meeting of the Italian Association for Mathematics Applied to Economic and Social Sciences (AMASES)

September 14-16, 2017

Cagliari, Italy

## Call for abstracts

A session entitled Networks and Big Data in Economics, Finance, and Social Systems will take place during the AMASES Annual Conference.

The special session mainly focuses on the emerging multidisciplinary study of the interconnections in finance and social science, which bring with it the necessity to deal with the growing amount of data available.

Theoretical and empirical papers are welcome. Topics include but are not limited to:

- contagion in social, economic and financial networks
- network modelling of financial time-series
- big data approach to financial modeling

## Abstract Submission

It is a great pleasure to invite you to submit an extended abstract of at most 2000 characters (including spaces). To be considered for the session, please submit your abstract by specifying the session code (**NE**) in the file name:

NE-[surname of author who will present the paper].pdf

Each speaker can give only one talk.

Please refer to the official web page of the conference for further details on the [submission](#).

## Conference Venue

[Dipartimento di Scienze Economiche ed Aziendali of the University of Cagliari](#)

## Important dates

- **June 9, 2017:** deadline for abstract submission
- June 13, 2017: notification of acceptance
- July 6, 2017: deadline for registration in order to have the communication included in the program
