

Call for Papers

3rd International Workshop on Functional and Operatorial Statistics

Stresa (Italy) – June 19 – 21, 2014

Web-Site: <http://iwfos2014.unipmn.it>

Dear Colleagues,
Dear Friends,

We are glad in inviting you to participate in the program of the 3rd International Workshop on Functional and Operatorial Statistics by submitting an extended abstract.

CALL FOR PAPERS

We welcome proposals addressing “infinite dimensional statistical problems or methods” with special emphasis on:

- Statistical modelling for functional variables,
- Functional Data Analysis,
- Operator-based Statistics,
- Background for Statistics in infinite-dimensional spaces.

For this third edition we wish to encourage also contributions in **Machine Learning** and in **High Dimensional Statistics** in order to further relations between all these different fields of modern statistics and to contribute to their future development.

The extended abstracts (from 4 to 6 pages) should be formatted according to the author guidelines described in the web-site of the workshop and will have to be uploaded using exclusively the dedicated submission form on the web-site. All the submitted works will be reviewed by experts selected by the Scientific Program Committee.

The format of the workshop has not parallel sessions, and so a limited number of oral contributions (around 30) will be accepted. In addition, some contributions could also be accepted as posters.

DEADLINES

January 15, 2014

Submission deadline.

March 31, 2014

Notification of Acceptance.

April 15, 2014

Revised submission deadline.

For organizing requirements, early submissions are encouraged and any postponement will not be granted after 15th January 2014.

INVITED SPEAKERS

- **BOENTE** Graciela (University of Buenos Aires, Argentina)
- **CARDOT** Hervé (University of Bourgogne, France)
- **FERRATY** Frédéric (University of Toulouse, France)
- **van de GEER** Sara (ETH Zentrum, Zürich, Switzerland)
- **GUO** Mengmeng (Southwestern University of Finance and Economics, P.R. China)
- **HALL** Peter (University of Melbourne, Australia)
- **HOERMANN** Siegfried (Université Libre de Bruxelles, Belgique)
- **MARRON** Steve (University of North Carolina, USA)
- **PATEIRO** Beatriz (University of Santiago de Compostela, Spain)
- **SAMWORTH** Richard (University of Cambridge, UK)
- **YAO** Fang (University of Toronto, Canada)

SCIENTIFIC PROGRAM COMMITTEE

Co-Chairs

GOIA Aldo (University of Piemonte Orientale, Italy)

VIEU Philippe (University of Toulouse, France)

Members of the SPC

ASTON John (University of Warwick, England)

DELAIGLE Aurore (University of Melbourne, Australia)

CUESTA ALBERTOS Juan A. (University of Cantabria, Santander, Spain)

FRAIMAN Ricardo (University of San Andrés, Buenos Aires, Argentina)

HARDLE Wolfgang (Humboldt University, Berlin, Germany)

HUSKOVA Marie (University of Prague, Czech Republic)

van KEILEGOM Ingrid (Catholic University of Louvain, Belgium)

KNEIP Alois (University of Bonn, Germany)

GONZALEZ MANTEIGA Wenceslao (University of Santiago de Compostela, Spain)

MÜLLER Hans George (University of California, Davis, USA)

ROMAIN Yves (University of Toulouse, France)

SECCHI Piercesare (Politecnico di Milano, Italy)

WANG Naisyin (University of Michigan, USA)

ORGANIZING COMMITTEE

SALINELLI Ernesto (Chair - University of Piemonte Orientale, Italy)

BONGIORNO Enea Giuseppe (University of Piemonte Orientale, Italy)

FERRATY Frédéric (University of Toulouse, France)

GOIA Aldo (University of Piemonte Orientale, Italy)

SANGALLI Laura (Politecnico di Milano, Italy)

SARDA Pascal (University of Toulouse, France)

VANTINI Simone (Politecnico di Milano, Italy)

VIGUIER-PLA Sylvie (University of Toulouse, France)

PUBLICATIONS

A book of proceedings, containing the accepted oral/poster communications, will be given at each participant at the registration desk at the congress venue.

This meeting will be the starting point for a Special Issue of the **Journal of Multivariate Analysis**. Best new advances on the prioritized areas of the meeting could be submitted to this Special Issue, but a standard full reviewing process according the standards of JMVA will be made.

CONTACTS

Dipartimento di Studi per l'Economia e l'Impresa (Di.S.E.I.)

Università del Piemonte Orientale

Via Perrone, 18 – 28100 Novara (Italy)

fax: +39 0321 375305 - e-mail: iwfos2014@unipmn.it
