Article 8: RESULTS

Applicants are ranked according to merit.
The ranking will be confirmed by decree of the Rector.

The ranking is organized as follows:

ranking score	status
100 99 ...	4 candidates admitted "with confirmed Bocconi fellowship"
... ...	1 candidate admitted "with tuition waiver" with possible shift to "with fellowship"
... 60	# X candidates eligible for enrollment but in waiting list with possible shift to "with tuition waiver" and even "with fellowship"
59 ... 1	# Y candidates not admitted

Shifts to different status occur when higher ranked candidates decline the place offered. Candidates in the waiting list are offered a place if and when higher ranked candidates have declined the offer and on condition that there are still available places.

By 14th March 2019 each candidate will be sent a personal email to the address provided online in which information about the outcome of the application will be found.

Candidates will be able to access the online procedure using their ID and password, accessing more information, in particular:

- if their status is “with fellowship” or “with tuition waiver”: points awarded, ranking and financial conditions;
- if their status is “in the waiting list”: points awarded and ranking;
- if their status is “not admitted”: points awarded.

The ranking of this public competition is published in compliance with data privacy laws on <http://www.unibocconi.eu/admissionphd> (privacy is guaranteed).

Article 9: ENROLLMENT DEADLINES

top ranking candidates “with confirmed fellowship”	by March 24, 2019
replacement candidates “with fellowship”	By March 24, if notification within March 18 Within 7 days, if notification after March 18
candidates and replacement candidates “with tuition waiver”	After completing enrollment of candidates “with fellowship” and within 7 days from final notification - July 10 th as a maximum

Please note that:

§ **Top ranking candidates admitted with fellowship** receive just one notification (admission result + deadline for enrollment).

They must enroll by 24th March 2019.

If they do not enroll by that date, they will automatically be considered to have declined the offer.

Candidates admitted with fellowship who intend to decline the offer should decline it well before the 24th March 2019 to allow replacement applicants to receive their offer as soon as possible.

§ **all the other candidates eligible for enrollment** receive at least two notifications: in the first one, they are notified about admission results; in the last one, they are notified about their final status and deadline for enrollment. In between, they are notified about change(s) of status (if any).

Candidates who intend to decline the offer should decline as soon as possible to allow replacement applicants of the waiting list to receive their offer.

If students enrolled with fellowship withdraw, a further round of replacements will take place after the end of enrollments but before the PhD program begins, for the benefit of students enrolled with tuition waiver.

Replacement of candidates is not allowed after the beginning of the first year of the program (1st September 2019).

Article 11: FINANCIAL MATTERS

Bocconi PhD Programs - Handbook (<https://www.unibocconi.eu/phds>) gives detailed information about:

- 1) fellowships, merit-based tuition waivers (granted for some PhD programs only) and tuition fees;
- 2) financial aid for PhD students, PhD candidates and fellows (remuneration for research assistantship and teaching assistantship/teaching; budget for research activities; financial support for job market placement, ...).

In particular:

1) With reference to fellowships, merit-based tuition waivers and tuition fees:

Bocconi merit-based fellowships (see art. 2, 1.A of the present call) are awarded to the best ranked students, in relationship to the number of available fellowships.

The fellowships merit-based amount to **€ 20.280 per annum** (before social security-INPS contributions) **in year 1 and 2** and to **€ 15.343 per annum** (before social security-INPS contributions) **in year 3 and 4**.

The amount of the fellowship is higher when students are fully dedicated to coursework; it is lower in the following years as the income can be supplemented by contracts as teaching assistants and/or research assistants; moreover in year 3 and 4 students are provided with a budget for research activities (see below).

For periods of time spent abroad, the fellowship will be increased by 50% of € 15.343, the minimum amount stated by law, in proportion to the duration of the stay abroad, which in any case cannot exceed a total of 18 months.

Income from the fellowship is tax free.

All PhD students (with fellowship, with tuition waiver and paying students) are required to pay the current annual regional tax of € 140, whose amount may be modified by law at a later date.

Fellowships cannot be added on to other fellowships of any kind except those granted to students who are required to spend time abroad by domestic or foreign institutions.

Fellowships based on merit and financial conditions (art. 2, 1.B of the present call) are managed by ISU Bocconi, as per DPCM (Italian Prime Minister Decree) 9th April 2001, without prejudice to further modifications. Applications shall be sent to ISU Bocconi following the 2019-2020 public competition instructions, which will be published at: www.unibocconi.eu/isu .

⁴ Document certifying the authenticity of the degree.

⁵ Document certifying the “level” of university studies (first level – undergraduate; second level- graduate; third level – post-graduate).

PhD students may work part time and be paid for the following activities:

- **research assistantship** from the second year (as an exception, during the first year, subject to Dean's approval);
- **teaching assistantship /teaching** from the second year.

These activities must be previously authorized by the PhD Director, as students are above all committed to their PhD research and activities.

Moreover:

- in compliance with Italian law, each PhD student (with and without fellowship) is provided with a **budget for research activities** in the second to last and last year of the program.
