CALL FOR PHD APPLICATIONS

37 POSITIONS

IMT School for Advanced Studies Lucca's **multidisciplinary PhD Programs** offer a unique and characteristic patrimony of competences within the broad framework of the analysis and management of a plurality of systems. IMT attracts bright students, young researchers and professors through competitive and **transparent** procedures at an international level.

The scholarships are **fully-funded** for up to four years (**no tuition fees**), with a possibility of graduating after the third year; the admitted 37 candidates will also receive a research grant (which will amount to 15,343.28 € gross/year) and **free housing** in the School's residential campus. All students will have free daily access to the **canteen** and **library**.

Moreover, this year the IMT School offers **two additional scholarships**:

- 1 for the PhD Program in "Cognitive and Cultural Systems", track in "Cognitive, Computational and Social Neurosciences", funded within the **ERC Starting Grant project "Tweaking dreams: non-invasive modulation of the level and content of mental activity during sleep"** ("TweakDreams");
- 1 for the Program in "Systems Science" (track in "Economics, Networks and Business Analytics") funded as part of the training and research activities on the topics covered by the **Neuroscience Lab (NS LAB)**, the research **laboratory** joint venture between Intesa Sanpaolo Innovation Center SpA and the IMT School.

Candidates can apply if they receive their undergraduate degree no later than October, 31st 2021.
Classes will start on November 2nd, 2021.
